

The Conquest of Night (The Chronicles of Night Book 1)

Jackson Taeric lived in a small town of Hartenge, Canada, leading an average and uneventful life. That was until one unforgettable winters day. Jackson was chased into a small clearing within a forest that he passed through hundreds of times before. In this glade, he stumbled upon a gateway, and woke up to find himself in a distant and strange land, gripped by war. In this new world, the Night, a powerful group of grey-skinned people launched a seemingly unprovoked attack against the Eternai, with whom they had coexisted in peace for centuries. The Night ruthlessly besieged the land of the Eternai, whose loyal citizens struggle to band together and repel the invaders. Jackson must chose a side, for the decisions he will make in this distant land could lead to the downfall of an empire.
