

## Lucy (Portuguese Edition)

Estudando em um Educandario de uma Colonia Espiritual, em salas de aulas com cadeiras e mesas que pareciam flutuar, biblioteca com livros plasmados, onde a grande maioria nem foram escritos, Lucy descobre que ja viveu varias existencias na carne, inclusive com personalidades masculinas, e aprende o porque de o homossexual demonstrar a inexplicavel contradicao entre a sua escolha sexual e a sua anatomia fisica... Descobre tambem, que nao precisava mais comer, nem beber embora mantivesse a impressao da fome e da sede... Que apesar de sentir cansaco e sono, nao precisava mais dormir como na terra e aprende a desfrutar da agradavel sensacao de voitar. Lucy fica maravilhada com tudo que ve e, quando se encontra com entes que amava, constata que Deus nao separa os que se amam.
