

Symbolik und historische Dynamik des slavischen Duals. (European University Studies. Series I, German Language and L) (Russian Edition)

Das Buch ist in russischer Sprache verfasst. Diese Habilitationsschrift widmet sich einem Thema, das von der slavischen Sprachwissenschaft bislang nur unzureichend behandelt worden ist. Unzulänglichkeiten bestehen sowohl bei der Heranziehung adäquater Textstellen als auch bei der Funktionsbestimmung, Klassifizierung und Entwicklung des slavischen Duals. Die Arbeit setzt sich zum Ziel, die bestehenden Mängel zu beheben und unter kritischer Einbeziehung aller bisher zum Thema publizierten Studien und Beiträge eine Gesamtdarstellung zu präsentieren, die die sprachlichen, kulturellen und religiösen Aspekte in gleicher Weise berücksichtigt. Der indogermanische Ansatz trägt zu einer breit angelegten und fundierten Analyse bei.
