

The Incontrovertible Code of (Formerly) Unwritten Rules: From Airline-Armrest Etiquette to Flushing Twice, 251 Universal Laws of Common Civility that We Wish Everything Knew

Never hog both armrests when you fly. Doorways, staircases, and elevator entrances are inappropriate spots to stop and chitchat. Always remember that ones own poop does, in fact, stink. When you borrow someones car, fill it up with gas before you give it back. These are the unwritten rules of life. Observe them, and one rises above the great unwashed. Observe them not, and one goes straight to trailer trash. In this hilariously civil guide, youll learn all of the principles of politesse our mothers tried to teach us--but some of us just werent listening. So listen up, because our mothers were right: Handsome is as handsome does. If you never really understood what that meant--and who did?--then this book is for you. The Universal Code of (Formerly) Unwritten Rules: Because some rules should never be broken.
