

The Underground Stream: Esoteric Tarot Revealed

In this thought provoking work Christine Payne-Towler weaves together strands of ancient knowledge and evolving magical traditions to illuminate the blind spots that inhibit our understanding of the origins of the Tarot. Drawing on her many years as a Tarot scholar and practitioner, she combines ancient astrology, Hebrew Kaballah, Alexandrian Hermeticism, Renaissance Magism, and a history of the European Secret Societies to present the esoteric structure underlying Tarot. Profusely illustrated, with many images from the first two centuries of Tarot, this work allows one to see the Tarot as its originators saw it.
