

Salem Witchcraft: Comprising More Wonders of the Invisible World (Classic Reprint)

Excerpt from Salem Witchcraft: Comprising More Wonders of the Invisible World

But you, gentlemen, I doubt not, are willing to distinguish between truth and error; and if this may be any furtherance to you herein, I shall not miss my aim. But if you find the contrary, and that my belief herein is any way heterodox, I shall be thankful for the information to any learned or reverend person, or others, that shall take that pains to inform me better, by scripture or found reason; which is what I have been long seeking for, in this country, in vain. In a time when not only England in particular, but almost all Europe, had been labouring against the usurpations of tyranny and slavery, the English America has not been behind in a share of the common calamities; more especially, New England has met not only with such calamities as are common to the rest, but with several aggravations enhancing such afflictions, by the devastations and cruelties of the barbarous Indians in their eastern borders, &c. But this is not all; they have been harassed (on many accounts) by a more dreadful enemy, as will herein appear to the confederate.

About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
